

The Retreat Series

AllGal Garages introduces a new building to its wide range.

The floor area is 7.2 x 7.2 metres square, with a mezzanine floor area of 7.2 x 3.6 metres.

- Treated pine staircase is included, but attic stairs (foldaway) may be optioned if so desired. A further alternative of an external staircase is available.
- COLORBOND® Roller doors with 2.330 high x 2.440 wide clearance are included. Wider doors may be optioned.
- Windows (Two) 900 high x 1810 wide are standard.

The building is manufactured from 1.2mm BHP steel building frame, prefabricated and delivered ready for assembly. The mezzanine floor is built from 200mm 'C' section, and 19mm particle board flooring.

The standard cladding is Hardies 230mm smooth Hardiplank®, or alternatively may be clad in COLORBOND® Trimwall. The roof may be either Custom Orb (Corrugated) or Trimdek®, standard as Zinaclume® steel or COLORBOND® prepainted steel may be optioned.

Other options such as Personnel Access Doors, insulation, whirlybirds, extra windows may be added as you require.

** Due to our ongoing commitment to quality, prices and specifications may be subject to change without notice.*
